

THE DIRECTOR OF
CENTRAL INTELLIGENCE

National Intelligence Council

4 October 1985

We have been working with the IC Staff and the VP's Task Force on this subject and have completed about 90% of the work. We have provided that informally to [redacted] our rep with the Task Force. The other 10% should be completed next week. We elected to wait for it before formally transmitting the data to the Task Force.

The Task Force is happy with the situation. [redacted] reports that we are well ahead of the rest of the respondents on this matter.

Unless you want a formal reply before, we will plan on having it to you by Friday, 11 October.

Charles E. Allen
NIO/CT
